

Association of Manitoba Municipalities Conference 30-Second Active Transportation Survey Results

Municipal-level political and administrative representatives, in Winnipeg to attend the Association of Manitoba Municipalities' 2010 annual convention, were asked to respond to a series of five questions regarding Active Transportation.

In total, 57 officials (councillors, mayors, chief administrative officers, reeves, etc..) were interviewed, representing municipalities from across the Province.

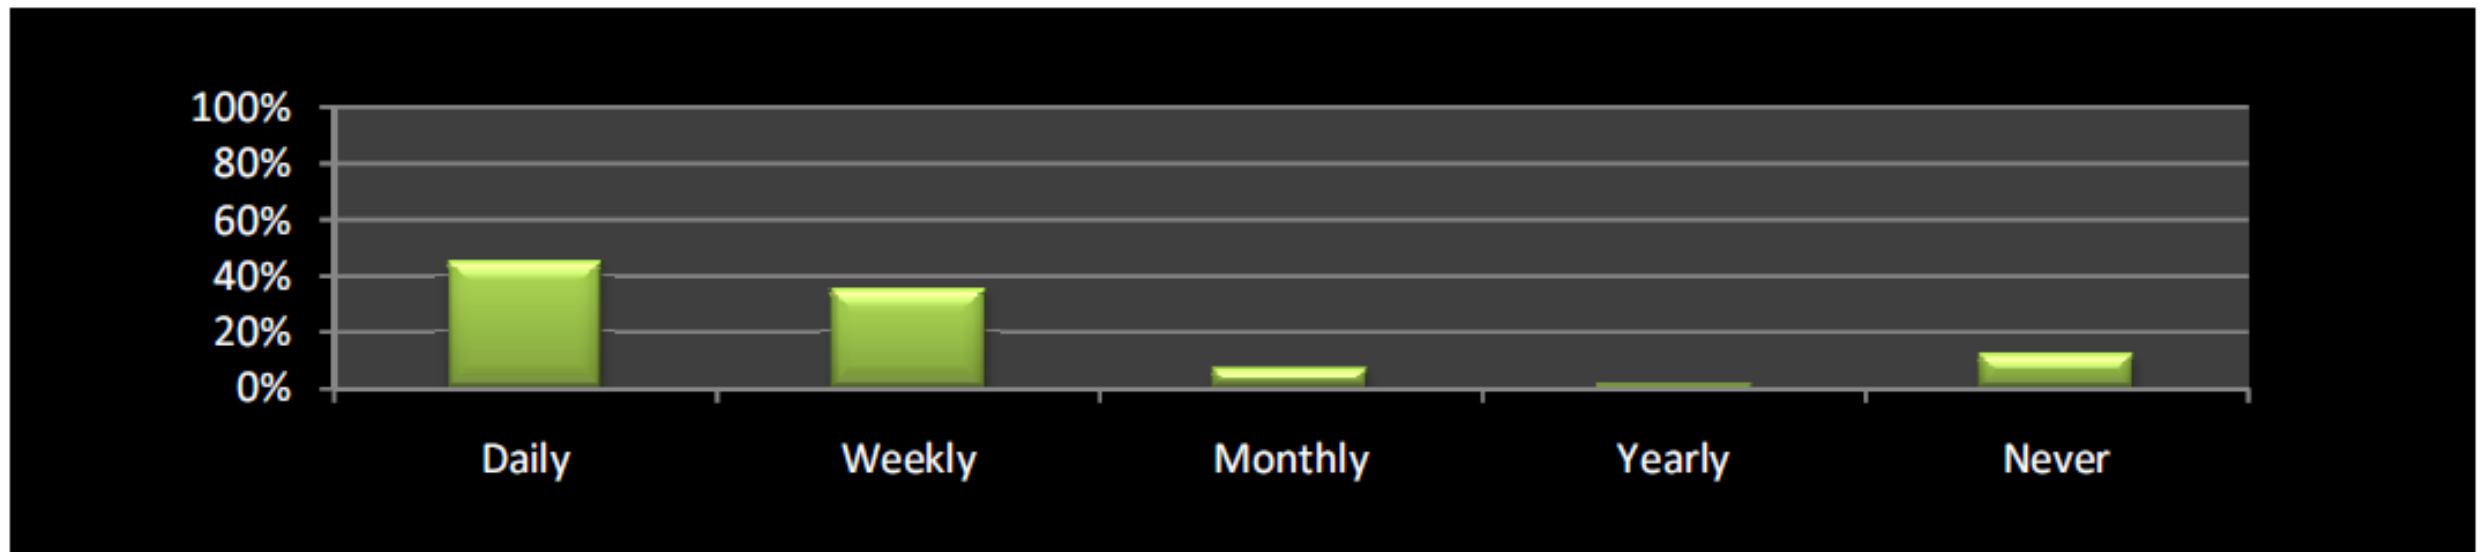

Respondents are limited to those who chose to visit the PACM/Rec-Connections booth for information, and thus the survey results may be slightly skewed in favour of those with a prior interest in physical activity or recreation.

Represents Municipality in which one or more persons were surveyed.
